Miriam Špániková (Federation of Employer Associations of the Slovak Republic)
Renáta Valeková, Ralf Mayer (Volkswagen Slovakia a.s.)
Miroslav Zimek, Bratislava Regional Chamber
Dr. Guido Glania, Željka Šenkovič, Zuzana Šníderová (SNOPK)

Agenda:

- 1) Opening the Meeting (Štefan Chudoba, MLSAF)
- 2) Presenting the Project: National Authorities for Apprenticeships - Introduction of Dual VET Elements (Ľubica Pitlová, MLSAF)
- 3) Presenting the Results of the Survey: Identification of Labour Market Needs for Vocational Education and Training (VET) in the Slovak Republic (Zuzana Šníderová, SNOPK)
- 4) Prioritising Vocations for Dual Education - discussion by the participants
- 5) Presentation: Development and Implementation of Dual Education (building on WP 4) (Monika Rybová, MLSAF)
- 6) Discussion by the Participants: Examples of best practice in joining schools and employers in VET from regions in Slovakia

Agenda Items

- 1) Opening the Meeting (Štefan Chudoba, MLSAF)
 - Welcome
 - Introducing the Participants

2) Presenting the Project: National Authorities for Apprenticeships - Introduction of Dual VET Elements (Ľubica Pitlová, MLSAF)

- Initiative - Strategy for the Danube Region
- Introducing the Project Partners (MLSAF, ŠIOV, BMW, WKÖ, BIBB)
- Objective: Preparing a project proposal for a dual education competence centre (Dunajská akadémia pre duálne vzdelávanie - Danube Dual Education Academy)
- Introducing work packages, schedule and project budget

3) Presenting the Results of the Survey: Identification of Labour Market Needs for Vocational Education and Training (VET) in the Slovak Republic (Zuzana Šníderová, SNOPK)

- Including the survey in Work Package 3 (WP3)
- Objective: Prioritising Vocations for Dual Education
- Presenting the results from individual questions in the questionnaire

4) Prioritising Vocations for Dual Education - discussion by the participants

The participating representatives of the project partners have agreed to prioritise the professions below for further elaboration within the project (WP4):

- Tool Setter
- Electrician
- CNC/NC Operator
- Machinist
- Toolmaker
- Mechatronics Technician
- Machinery and Equipment Programmer

with the requirement that the German occupations requested by companies of industrial mechanic (Industriemechaniker IHK) and electronics engineer for automation engineering (Elektroniker für Automatisierungstechnik IHK) will be compared with existing Slovak occupations, with the possibility of creating new vocations.

5) Presentation: Development and Implementation of Dual Education (building on WP 4) (Monika Rybová, MLSAF)

- Presenting activities
- Researching Slovak legislation and pilot projects in VET
- Establishing the Danube Dual Education Academy - a strategic project for technical disciplines in Slovakia
- Introducing the action plan

6) Discussion by the Participants: Examples of best practice in joining schools and employers in VET from regions in Slovakia

- Practical Experiences from Participants:
 - Ms Valeková, Mr Mayer: Education and Training at Volkswagen Slovakia
 - Ms Krišková (WKÖ): SOŠt Zlaté Moravce
 - Mr Šenkovič: SOŠ Nové Mesto nad Váhom, Volkswagen, T-Systems

Recommendations from the Workshop

The participating representatives of the project partners have agreed to prioritise the professions below for further elaboration within the project (WP4):

- Tool Setter
- Electrician
- CNC/NC Operator
- Machinist
- Toolmaker
- Mechatronics Technician
- Machinery and Equipment Programmer

with the requirement that the German occupations requested by companies of industrial mechanic (Industriemechaniker IHK) and electronics engineer for automation engineering (Elektroniker für Automatisierungstechnik IHK) will be compared with existing Slovak occupations, with the possibility of creating new vocations.

The survey will be included in a brief study that SNOBK will prepare in Slovak and English and make available to project partners. The questionnaire will also be included therein.
